To Whom It May Concern:

LETTER OF RECOMMENDATION

This letter serves to confirm that Springleap Technologies contracted Dave Romero of Caban Investments to assist in raising its seed investment round.

In the past few months, Dave and his team have assisted Springleap in becoming investment ready and has shown great faith in the business's future and team.

Further, Dave introduced us and assisted in closing our first significant international investor, of a distinguished entrepreneurial pedigree. That investor has also joined Springleap's advisory board in the role of Chaiman.

Both Dave and his team have been communicating regularly with status updates and are working relentlessly to assist Springleap in closing the remainder of the round of funding.

Caban has proven to be a reliable and integritous partner that delivers. The Springleap team is committed to work further with Caban and are already sending new deals from our startup and growth-stage networks to them for advice and assist in fundraising efforts.

Sincerely,

Eran Eyal
CEO | founder
Springleap
